- * Expanded the SCHIP program to cover health care for 4 million more children (2009)
- * Established an independent commission to make recommendations on slowing the costs of Medicare (2009)
- * Reversed some of the Bush-era restrictions that prevented Medicare from negotiating with pharmaceutical firms for cheaper drugs, allowing government to again competitively bid (2009) * Note: Obama had promised to lift all restrictions but, while he did negotiate with drug companies for them to lower their costs the deal only lifted some restrictions
- * Expanding government vaccination programs (2009)
- * Issued new disease prevention guidelines and priorities for the CDC (2009)
- * Authorized the FDA to finally begin regulating tobacco (2009)
- * Tasked federal labs to prioritize research on and deployment of H1N1 vaccines (2009)
- * Asked multiple congressional committees to bring forward a healthcare reform bill; held dozens of public hearings and town halls on the issue (2009) (2010)
- * Established a new council on National Prevention, Health Promotion, and Public Health to be chaired by Surgeon General and charged with promoting healthy lifestyles and integrative healthcare (2010)
- * When accusations to the contrary arose, an Executive Order was signed to reaffirm that federal funds are not to be used for abortion services (2010)
- * Historic healthcare reform bill signed - \$940 billion over 10 years (2010) * Note: 32 million additional Americans will receive healthcare coverage and costs will be lowered for most Americans, but many of the goals are phased in over four years

Components of the bill

- Prevents insurance companies from denying coverage to individuals/family members with pre-existing health conditions; a temporary plan is being developed to cover high-risk individuals with pre-existing conditions until the full reforms go into effect in 2014
- Prevents insurance companies from placing lifetime limits on benefits
- Bans "rescission" so insurance companies can't cancel coverage if individuals keep their policies current or if they become ill
- An individual's out-of-pocket healthcare expenses are capped
- Closes the "donut hole" (Part D) for Medicare prescription drug coverage (under Bush, Medicare helped pay for drugs up to \$2,600 and above \$4,550, but individuals had to pay 100% of the costs in between these amounts); now Medicare helps cover costs irrespective of the amount - seniors will now pay only 25% of drug costs up to \$4,550 and only 5% of drug costs above that amount
- In 2010, an emergency provision will offer seniors a \$250 rebate on the costs incurred within the "donut hole"
- Individuals living at or below the poverty line were eligible for healthcare under Medicaid, but by 2014 individuals/families living slightly above (making up to \$14,404/\$29,327) the poverty line will also be eligible for benefits
- Individuals/families making less than \$43,320/\$88,200 per year will qualify for government subsidies to help purchase health insurance
- All individuals must have health insurance or face a government fine; all large (over 50 employees) employers must offer health insurance to employees or pay a fine
- Small businesses can get a tax credit if they offer health care
- There are hardship exemptions if individuals can't afford health insurance
- Families can keep their children in college on their plans through age 26
- Promotes health insurance "exchanges" so consumers can buy "wholesale"
- Creates consumer assistance offices to help consumers file complaints or appeal decisions from insurance companies; beginning in 2011, insurance companies can no longer make excessive rate hikes without justification and approval, and those doing so may be barred from participating in new health insurance exchanges

Funding sources:

- Large employers (over 50 workers) that don't offer health benefits will be charged a \$2,000/worker fee; if the employer offers coverage but employees instead purchase federally subsidized insurance the fee is \$3,000/worker receiving federal subsidies or \$750/worker (whichever is lower)

- Annual fees on pharmaceutical companies (\$27 billion), health insurance companies (\$60 billion), and medical device-makers (\$20 billion)
- Annual penalties on individuals who do not have health insurance (up to a maximum of \$695/person)
- Increase in the Medicare payroll tax from 1.45% to 2.35% for individuals making \$200,000+ and families making \$250,000+
- 3.8% tax on unearned income for millionaires
- Insurance companies will be subject to a tax on each high-end insurance plan (so-called "Cadillac" plans) they offer

Miscellaneous:

- Illegal immigrants are not eligible for insurance or subsidies
- By Executive Order, such federal funding can't be used for abortion
- The federal government will assist states by covering all of the increased expenses of expanding Medicaid coverage (90% of costs after 2020)

ENERGY & ENVIRONMENT

- * Removed a ruling that now allows individual states to enact automotive fuel efficiency standards above federal standards (2009)
- * Offered attractive tax write-offs for those who buy hybrid automobiles (2009)
- * Overturned Bush-era rule that weakened the Endangered Species Act (2009)
- * Announced plans to purchase fuel efficient American-made fleet for the federal government (2009)
- * Ended the Bush-era policy of not regulating and labeling carbon dioxide emissions (2009)
- * Signed a measure requiring energy producing plants to begin producing 15% of their energy from renewable sources (2009)
- * Announced that the federal government would reengage in the long-delayed effort to clean up "Superfund" toxic waste sites (2009)
- * Announced the long-term development of a national energy grid with renewable sources and cleaner, efficient energy production (2009) * Note: Much of Obama's energy reform was killed by Senate Republicans
- * Proposed a new refuge for wild mustangs (2009)

- * Cancelled several Bush-era mountain-top removal and mining permits (2009)
- * Reengaged in international treaties and agreements to protect the Antarctic (2009)
- * Note: Bush had withdrawn from such efforts
- * Asked Congress for an energy reform and "cap and trade" bill (2009) * Note: The Congress failed to pass such a bill
- * Developing plan to lease US coastal waters for wind and water-current energy production (2009)

- * Changed the rule to allow students struggling to make college loan payments to refinance their loans (2009)
- * Beginning discussions with Congress for education reform (2009) * Note: Much of Obama's education reform has been sidelined by opposition in Congress
- * Initiated a "Race to the Top" competitive federal grant program for states who develop innovative policies (2009)
- * Instituted a "judgment review" allowing families with student loans to petition to have their current financial status determine the loan rather than the previous year's finances (2009)
- * Launched "Educate to Innovate," a public/private partnership making \$236 million available for science, mathematics, and technology education programs (2009)

- * Proposed capping the maximum amount students must pay on student loans (as percentage of their income) (2010)
- * Proposed reducing student loan obligations for individuals going to work in community and public service jobs (2010)
- * The federal government will offer direct student loans, cutting out the cost of private banks ("middle man") who increase the costs in order to make a profit (2010)
- * Increased investment in technologies for schools/education (2010)

DISASTER RESPONSE

- * Ordered a review of hurricane and natural disaster preparedness (2009)
- * FEMA once again reports directly to the president (2009) * Note: Bush removed FEMA (prior to the Hurricane Katrina disaster) from this status
- * Demonstrated an immediate and efficient response to the floods in North Dakota and other natural disasters (2009)
- * Ordered that funds be released and red tape be streamlined for the ongoing Hurricane Katrina recovery effort in the Gulf Coast (2009)
- * Timely and massive relief effort in response to the January 2010 earthquake and ensuing humanitarian crisis (2010)

Components of the response:

- The FBI's National Center for Disaster Fraud was tasked to look into possible fraud with organizations soliciting funds for relief
- Announced the Clinton-Bush Haiti Fund
- Established an emergency Haiti Task Force in the State Department
- Established a website with information, resources, and a posting of a "person finder" online to help families and friends to locate loved ones
- Joint aid and relief planning with the U.K.
- Sponsored a resolution in the UN Security Council for additional security and police forces in Haiti
- Dispatched the US Navy floating hospital (USNS Comfort) and, within 5 days, 9 naval and relief ships, 5 Coast Guard cutters, 8 Coast Guard aircraft, and 12,000 US military personnel

- Initial dispatch of several ships and cargo planes full of humanitarian aid and supplies, 6 search/rescue teams (500 personnel), and 265 Department of Health & Human Services personnel for emergency medical and aid support
